A STANDARD HISTORY BY

GEN. LEE.

A Work of National and Permanent Value.

MEMOIRS OF THE WAR,

By Gen. Henry Lee.

("LIGHT HORSE HARRY")

Thoroughly Revised and Annotated, BY GEN. ROBERT E. LEE.

WHO HAS ADDED A FULL BIOGRAPHY OF HIS FATHER.

1 vol. octavo, 640 pages, with new Steel Portraits of Gen Henry Lee, Gen. Robert E Lee, and Gen. Nathanael Greene; beautiful Steel Engravings of "Marion crossing the Pedee," and the "Surrender of Cornwallis;" Maps of the Siege of Charleston, S. C; the siege of Yorktown, Va.; the Battle fought near Camden; the Battle of Guilford; the Battle of Hobkirk's Hill; and a sketch of Gen. Henry Lee's residence.

This admirable history of the operations of the American Armies during the Revolutionary War in the Southern Department of the United States is the standard work on the subject of which it treats; and this new edition, revised, corrected, and enlarged by Gen. Robert E. Lee, the distinguished son of the author, and embellished by elegant Engravings, and original Maps never before published, is a volume of the highest value to every intelligent person.

This history has been for a long time out of print, and because of its accuracy as a History of that interesting period and that there was no work to supply its place, it was much sought for and a new edition demanded.

It is seldom that a historical work by a distinguished author has the advantage of a revision by so distinguished a son, and both of them great military leaders in the same section of the country.

Gen. Lee receives a LARGE COPYRIGHT UPON EVERY COPY OF THE BOOK SOLD. Sold only by subscription.

PRICE:—Handsomely bound in Cloth, $4.00.

THE SWEET—TOURGEE AFFAIR.

We have no disposition to do injustice to any one, and hence, when the extract appeared in the Winston *Sentinel*, and was copied into other papers, stating the conversation of Judge Tourgee on the Railroad cars, in regard to the manipulation of the constitution in order to mislead and impose upon the people of the State, we refrained from copying the article or alluding to the matter, for over two weeks, to give Senator Sweet full opportunity to set himself right in regard to the charge against him.

We admit that we are not usually as forbearing in such cases, but we had conceived a favorable opinion of the character of Mr. Sweet, both from his course during former sessions of the present Legislature, and his remarks in the Senate during the present session on this subject of the tenure of the Legislature, and we were anxious to see him set himself right in this matter.

Over two weeks having elapsed and the gentleman remaining entirely silent, we republished the article, for the purpose of showing the people the method pursued by their so-called representatives to hoodwink and defraud them of their civil rights.

On the appearance of the article alluded to, in the SENTINEL, Mr. Sweet arose in his place in the Senate to a question of privilege, and denied, in toto, the truth of the statements reported, and stated that he did not believe Judge Tourgee had ever made the statement attributed to him.

Now, this is a very grave matter; not a mere newspaper rumor, but a declaration of a fact, with the time, place, and circumstances, as well as the name of the party making it, all given, except the names of the gentlemen to whom the statement was made. This omission we are prepared to supply. The statement was made on the train of the North Carolina Railroad, going from Raleigh to Greensboro', on Thursday, November the 25th, and one of the two gentlemen to whom the statement was made, was VICTOR C. BARRINGER, one of the Code Commissioners. Judge Tourgee, at another time, we are informed, made substantially the same statement in the presence of Mr. Ball, Doorkeeper of the Senate, mail agent on the R. & G. Railroad, &c., &c.

We have not approached Mr. Barringer on this subject, nor has he in any way authorized us to use his name in the matter, but he has said to different gentlemen that the report of the conversation alluded to by the Winston *Sentinel*, and copied by us, is true.

There the matter rests at present. Judge Tourgee, on the train from Raleigh to Greensboro, on the 25th of November last, said, publicly to several gentlemen, of whom Victor C. Barringer was one, that Sweet, in saying he thought the Convention committee in framing the article in the Constitution used as an excuse for holding over, only meant to hold over from April to August 1868, had "knowingly misrepresented the whole affair before the Legislature." That he (Tourgee) "had a section drawn up expressly stating that the Legislature should hold over four years and four months, and that he showed it to Heaton and Sweet, who were sitting one on each side of him, and that Heaton who was a timid man, objected, saying that if it was put in that way it would defeat the Constitution, and that Sweet agreed with him, and that they went behind the Speaker's desk and consulted, and that he drew up the present section, so worded as to mislead the people as to its meaning and intent. He said that Sweet and Heaton were both delighted at the manner in which he had succeeded in their object, and that Sweet was not only knowing to it, but a party to it."

We repeat, there the matter rests for the present. Mr. Sweet says the statement, as reported is untrue, and that he does not believe Judge Tourgee made it. Mr. Barringer says Judge Turgee did make it, and we believe he did.

Mr. Sweet and Judge Tourgee can settle the matter between them.

STAND TO YOUR LICK-LOG.

Jimmy Long, colleague of chicken Gunter, from Pullet station in the county of Chatham, while enjoying his dinner at his boarding house, on Thursday last, said he was opposed to adjourning "sine die," so long as Harriss fed us well as he did and the Treasury held out. We hope Jimmy in his devotions, will remember the welfare of Joel and his new mill.

Speaking of Joel and the mill he expects to finish, in case he can get the *per diem* of two more sessions, reminds us that we have not yet learned the location. Is it on Polecat Creek, or Stinkin, Quarter?

We really think we should want Jimmy to try the effect of his prayers on a mill built under the circumstances this is proposed to be, a good while, before we could consent to have the toll-dish dipped into our grist there. The old Spanish proverb says, "a Miller's neck cloth is the boldest thing in nature; it seizes a rogue by the throat every morning." But we don't intend to reflect on Joel, if he *does* wish to prolong the session to help finish his mill; for he, like Brutus of old, is "an honorable man," and a tremendous big, stout fellow too, and we don't want to anger him.

But, to the name of the stream on which the mill is located. We remember, many years ago, when Amos Kendall was Post Master General, a petition was sent to him for a mail line and Post Office in Joel's country—the route mentioned being from Polecat to Stinking Quarter, the Post Office to be called "Randolph." Old Amos agreed to allow them all they asked for, except the name of the office; said he, "When the mail carrier rides from Polecat to Stinking Quarter, he will need a little hartshorn;" so "Randolph" was stricken out and "Hartshorn" inserted, and continues to this day, and we suppose somewhere there Joel's mill is located.

"Buy it, buy it; Try it, Try it;
Come and buy, O, buy my Lavender."
—*Old song.*

MR. EDITOR:—Since the Governor's Clerk, Charley Horner, "in the exercise of a sound discretion," pardoned, by telegraph, one of the Wade Ditcher murderers, Hall tax has hardly been named in your paper. Have you forgotten us? If so, we beg to remind you that the Constitution was framed here; not the *new one*, but the *old*; besides, we have *Lavender* here, and we have "tried it" sufficiently. Now, we are willing anybody else should "buy it," and "try it." Ben Lavender, one of your twenty-dollar, mortal-character lawyers, is chairman of our Board of Commissioners—Charles Webb, white man, George Howard, black man, Jackson Barnes, colored man, and Tom Sledge, white man, are his associates.

Ben Lavender's genius was not developed until the great struggle between the North and the South. Ben failed at merchandizing, then at law mapping; he failed in running a saw mill about Washington, he did not prosper in Edgecombe, he could not make money, until the great rebellion developed his genius, and inspired his energies.

Thomas Lowe was our old Superior Court Clerk; John L. Gregory is our present clerk; he was a good Confederate Soldier; he refused to receive the papers from the old clerk unless they were in proper order, the old clerk died before he could arrange the papers of his office.—Our sweet scented Ben was duly commissioned to arrange the old Clerk's papers, now guess what his charge was, and if you succeed I will send you two bottles of "Lavender water." You give it up, I see. His charge was only 1500 dollars and a little the rise.

Our sweet scented Ben has control of $10,000 of bonds issued by the county, can't you speak to General Littlefield to aid Ben in his bond operations? There is one item in the report of the Commissioners, which shows they have done their work well—Twenty dollars is charged for designing and making a county seal. The seal is twice charged in the account. If you can beat that in Wake, let me know it through the SENTINEL, or send me word by our member, Renfrow, who is also, mail agent, and obliging,

HALIFAX.

LONGEVITY IN GEORGIA.—A correspondent writing to us from Blackshear, Ga., says the Savannah News, under date of November 30th, says: "Mrs. Elizabeth Hearington was born in Barnwell District, S. C., A. D. 1747, the 12th of January of said year, and departed this life on the 20th of November, 1869, at the residence of her son-in-law, Wm. G. Riggins, of Pierce county Ga. She enjoyed good health, and walked without any help to within a few days of her death. She lived 122 years, 10 months and 8 days, according to my calculations."

[From the Charlotte Observer]

AN ALABAMIAN LOOKS FOR MULES AND FINDS A WIFE—A STORY OF MAN'S CONSTANCY AND WOMAN'S DEVOTION.

A few days ago, a tall, fine looking specimen of the Alabama yeomanry got off the train at this place and repaired to a hotel. His open, ingenuous and honest face forbade the suspicion that he could act a part, so when he gave out that he visited this section for the purpose of purchasing mules and securing farm hands to send to his plantation in Alabama, no one suspected but what this was really the object of his visit. Several parties offered to sell him mules, but he deferred purchasing, and in his conversation with the stock traders and his boarding house people he got a clue to the real object of his search, and so did we, and we give it for the benefit of the readers of the *Observer*. Several years ago, and before this "cruel war," our Alabama friend wooed and won the heart of a fair one of his own sunny clime. She was an heiress, beautiful and accomplished, and her people sought for her a more distinguished connection than the simple farmer who had won her affections. The youthful lovers plead their cause but the old folks remained inexorable, and our hero was forbid the presence of the young lady. But they effected a meeting, maybe in an orange grove where the "Orange dispels its perfumes," where they vowed eternal constancy, and determined to patiently wait for the consummation of their happiness until he had acquired wealth, the lack of which on his part was now the only obstacle.

The war came on and our hero enlisted under the banner of the Lost Cause, and remained in that service until the affair under the Appomatox apple tree. He then returned to his native South, went into business, prospered—in a word *struck it.*—He looked round about him and his fields were white with the staple, and his cattle fed upon an hundred hills. But in his heart there was an aching void. Where was she who had plighted her troth to him ten years ago? Had she been constant, or was she now another's? The war had swept away her property and that of her friends, and she with them had refugeed to North Carolina where she had some relatives. She has been in this county since the war living with some distant relatives, but recently, tiring of eating the "bitter bread of dependence," she went to work with a milliner of the city, but not showing any aptitude for that business she lost her situation. She they became a member of the family of Sheriff White, of this place, who did everything in their power to make her happy, but her thoughts involuntarily turned to her Alabama lover, of whom she had heard nothing, and her woman's modesty prevented her writing to inquire. He, in his return, knew nothing of her except that during the war she had gone to North Carolina, and never returned, but whether she was married, rich or poor, dead or alive, he didn't know, but he was determined to find out, and for that purpose he arrived here a few days ago, and he found the object of his search, surrounded by the circumstances we have related. The rest of the story is told by the following announcement:

MARRIED—In this city, on Thursday the 16th inst., at the residence of Sheriff White, by Rev. Dr. Miller, Mr S. G. McLaughlin of Ala., to Miss Rowena Cannon of Charlotte, N. C.

Two souls with but a single thought

BULLOCK'S SLANDER MILL STILL WORKING.

The following is a copy of a dispatch taken from the New York *Tribune* of the 14th. The tissue of falsehoods at the bottom prove very conclusively the quarter from whence it emanated. This is a sample of the means resorted to by Bullock & Co. to influence the minds of Congressmen and have the State turned over to a negro militia:

By telegraph to the Tribune.

ATLANTA, Dec. 13.—Gen. Morgan, a leading Democratic member of the Georgia Legislature, has published a rejoinder to Congressman Tift's letter, in which he says:

"Neither the Senate or House intended to submit the question of the eligibility of colored members to seats in the Legislature to the Supreme Court. The present Legislature never will reseat negroes, nor will it pass the Fifteenth Amendment. These are settled facts. For myself, I have been a submissionist as long as I intend to be, and have gone as far as I intend to go to gratify the unhallowed will and domineering spirit of a corrupt Congress."

The Democratic papers quote the above as a manly sentiment, and having the ring of true metal. General Morgan occupies the seat of an expelled negro member.—The Ku Klux press denounce Gen. Terry as an infamous liar, an advocate making the State too hot to hold the friends of the Administration.

An attempt was made to assassinate the Hon. S. A. Darnell and the Hon. Peter O'Neill, Republican members of the Legislature, at Milledgeville a few days since.—*Augusta Chronicle & Sentinel.*

TRAGICAL RESULT OF NEGRO SUPERSTITION.—On Thursday last six negro men were committed to jail in this place, charged with having been engaged in an attack, on the Saturday night previous, upon a negro named Frank Embrey, who was shot in the arm and side, and at the same time his wife shot dead, three shots having been fired. It appears from the evidence given in on the preliminary trial that Frank had become obnoxious to a number of the negroes in the neighborhood, from a superstitious belief that he was a sort of necromancer, and could, at will, fill them with pains, lizards, etc.; that he could make a mark, and if any woman crossed it she would be poisoned. A week previous to the murder they attacked his house with rocks, and beat him severely with sticks, ordering him to leave the country. He having failed to do so, they returned on Saturday night and renewed the attack, in which the three shots were fired, with the result stated. No white man was in any way concerned in the difficulty.—*Jacksonville Republican.*

THE TEA TRADE.—Advices from Shanghai state that the exports of tea from Shanghai and Japan during the period which elapsed between June 1st and October 11th, 1869, amounted to 3,869,591 to the Atlantic ports of the United States, and 47 252,538 chests to Great Britain. During the same period in 1868 the exports to the United States were 5,295,141 chests, and to Great Britain 53,228,233 chests. Of the exports of tea from June 1st, 1869, to the United States, 122,360 chests were of black tea, 3,213 912 green and 638,419 Japanese. It is also announced that 12 bales of raw silk had been shipped from Yokohama to New York, by way of San Francisco and the Pacific railroad.

The Indians of the upper Missouri are said to be preparing for a united outbreak in a short time. Major Gilpin, superintendent at the Grand river agency, died November 29th, and there are suspicions that he was poisoned.

Charleston, S. C., has two hundred and twenty streets and thirty-five wharves.

THE RECEPTION OF MR. PEABODY'S REMAINS ON SHIPBOARD.

The reception of the remains of the late George Peabody on board the iron clad Monarch, took place on Saturday, December 11th. Although it was intended that the proceedings should be privately conducted, they were attended by an interesting demonstration of respect. The remains were accompanied to the place of embarkation by Sir Curtis Lampson, Chas. Reade, Minister Motley, J. S. Morgan and H. Somerby.

They were received at the dock by the municipal authorities of Portsmouth, and the officers and marines of her Majesty's ship Monarch and of the United States ship Plymouth. Her Majesty's ship Duke of Wellington fired minute guns during the embarkation. The ships in the harbor displayed their flags at half mast, and dipped their ensigns as the Monarch steamed out. On the arrival of the coffin on board the Monarch, Mr. Motley addressed the Captain Commerell, commander of the ship, as follows:

Sir—The President of the United States having been informed of the death of the great philanthropist, the lamented Mr. Peabody, at once ordered a ship from the European squadron of the United States to proceed to this country in order to convey his remains to America. Simultaneously Her Majesty, the Queen, being apprised of the sad event, gave orders that one of Her Majesty's ships should be appointed to perform the same office. This double honor from the heads of two great nations to a simple American citizen, was, like his bounty to the poor of both nations, quite unprecedented. The President has yielded most cordially to the wish of the Queen, and the remains of Mr. Peabody are now to be conveyed across the Atlantic in the British vessel to his native country to be buried with his kindred, while the American national vessel will accompany her as consort on the voyage.

All that was mortal, therefore, of our lamented friend was taken this morning from Westminster Abbey, where very rarely before in history did a foreigner of any nation find sepulture, whether temporarily or permanently, and has been brought to this port. As Minister of the Republic at the Court of Her Majesty, I have been requested by the relative and executors of Mr. Peabody, who are now present, to confide these, his revered remains, to your keeping. This duty I have now the honor of fulfilling.

Capt. Commerell replied:

Mr. Motley: I accept this sacred trust, sir, in the same spirit in which you have confided it to my care; and I assure you that these remains shall be cared for and guarded by me and those around me with jealous interest as sacred relics of one whose memory will ever be held dear by the people of my country.

THE NEGRO EXODUS FROM VIRGINIA.—The negroes appear to be leaving Virginia in shoals for the cotton plantations of Georgia, Alabama and Mississippi, where they are sure of better wages and a warmer climate than they have in the "Old Dominion." In Richmond, for instance, a labor agent advertises for negroes by thousands to go South at from fifteen dollars to twenty-two dollars and fifty cents per month. Before the war the sales of "Virginny niggers" for the cotton States amounted in Richmond to about twenty millions of dollars a year. The present demand from the cotton planters for these Virginian field hands is not the revival of the old one in a new shape. Under the old slavery demand the Virginia master sold to the trader "a few niggers" from year to year to make both ends meet. Under the new voluntary freedman and free labor system whole families and colonies of these Virginia plantation blacks are moving South. The end will probably be the disappearance of the black population from the State and its replacement by white labor. This will involve the cutting up of the large plantations into small farms for German, Danish, Norwegian, English, Welsh, Irish, and Yankee settlers, a transformation which will double the value of every acre of land in the State within the next ten or fifteen years.

Some of the advantages to be gained by the construction of the Darien Ship Canal, to which our Government seems to be turning its attention just now, are thus stated: It will give us the central shipline to the western flank of our own continent and the eastern flank of Asia. It will develop the ship building resources of Oregon and the fisheries of Alaska. It will establish our occupation of the West India Islands, Mexico, and Central America, and develop a trade in those regions surpassing that of Hindoostan and the isles of the Indian Ocean. It will, in absorbing all the intermediate trade on the eastern side of the continent, bring the traffic of the mighty Amazon around to an interchange with the Mississippi Valley. It will build up cities on the isthmus itself compared with which Tyre and Carthage, "whose merchants were princes," will dwindle into insignificance.

FAILURE OF MISS BURDETT-COUTTS'S CHARITABLE PROJECT.—Miss Burdett-Coutts's Columbia market, opened some time since in Bethnal Green, London, at great cost, and under the happiest auspices, has proved an almost hopeless failure. Miss Coutts's unfortunate venture (says the London Telegraph) is certainly not the first of the kind. Many a market with spacious accommodation has been planned and built, first stones have been laid, and silver trowels wielded by lily hands; solemn grants of charters have been obtained; grand banquets and inaugural processions have proclaimed to the world that the great market was opened, and there an end.—Various reasons are assigned for the failure, the most curious being the absence of the costermongers, who, hindred at first by rather high market dues, now refuse to avail themselves even gratuitously of its magnificent accommodation. The wholesale department of the market is already abandoned, and it appears certain that the closing of the place or its conversion to some other use cannot be far off.

General Ord reports to General Sherman, through General Thomas, commanding the Pacific Coast region, that wanton murders and robberies of harmless Indians by the whites are very frequent in the Indian country, and suggests that such actions are a fruitful cause of our Indian wars, and that stricter legislation giving the Indian a right to testify or putting the matter in the hands of the military is necessary. General Thomas, General Sherman and Secretary Belknap all endorse the suggestion.

HERR LOUIS HANTUR, artist and special correspondent for a Leipsic journal (*Gartenlaube*) was surprised, while sketching the ruins of a Dalmatian village, burned by the Austrians, by a numerous band of insurgent Bucchesi. Not content with robbing their victim, they cut off his ears, and, according to the Turkish custom in such cases, thrust them into his pockets. Herr Hantur has returned to Vienna, and intends to claim an indemnity from the Austrian government. But what amount of money can indemnify a man for the loss of his auricular appendages? And what had the Austrian government to do with the spoliation of the correspondent's ears?

THE LEGISLATURE TO BE BOUGHT OR BULLIED.

The best informed men in Washington say, Georgia will not be immediately given over to the sword, but that the Legislature will be offered the opportunity of reseating the negroes and passing the Fifteenth Amendment. We regret to say there is nothing in the past history of that body which could possibly lead to the hope that it had integrity or courage sufficient to perform its plain duty to the people in this emergency.—*Columbus Sun.*

Let our friend of the Sun console himself. We have little idea that Gov. Bullock is going to permit any action of the existing Legislature to reseat the negro members. As the democratic vote on that question will be divided, a majority probably standing upon the *res adjudicata*, it will be easy to draw off the radical vote so as to defeat every attempt at accommodation. Thus, between Res Adjudicata and Gov. Bullock, Congress, if that body waits at all upon the action of the Georgia Legislature, will feel itself impaled on the pin-hook of a false point of honor, to turn the State over to the plastic hands of R. B. Bullock, to be reformed and reconstructed after the best existing models of "republicanism" in the South.

The engineering whether in the way of "buying or bullying" will therefore, in any event, be all *against* and not in favor of reseating the negroes by the action of the Georgia Legislature. The thing to be won by the *res adjudicata* men, besides the point of law and honor they raise, is to shut out the negro for the "balance of the session"—it being conceded on all hands that he must come in ever afterwards if elected. The thing to be won by Bullock is entire and irresponsible possession of the State for an indefinite period. The stakes are not by any means equal, but the co-operation will be perfect. The parties will be actuated by entirely different motives, but the condition and circumstances must inevitably shape their action to the accomplishment of one and the same result.—*Georgia Messenger and Telegraph.*

THE SENTINEL.

CITY AND STATE ITEMS.

MONDAY, DECEMBER 20, 1869.

☞ *Hereafter all obituaries not exceeding ten lines in length (eight words to the line), will be published free; for any number of lines over ten, ten cents per line will be charged — to be accompanied, in every instance, by the cash, to insure publication.*

☞ THEO. N. HAMRAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

To CORRESPONDENTS.—We are again under the necessity of craving the indulgence of our correspondents, whose favors have accumulated until we have somewhere about a peck on hand. The proceedings of the Legislature for the last five weeks, have occupied so much of our available space that we have found it impossible to insert the communications of our friends, except to a very limited extent.

Now that the "hands" have withdrawn awhile from their mischief making in the Capitol, we shall avail ourself of the opportunity to catch up, and shall insert such articles on file as have not lost their point by delay.

We call special attention of those desiring to pay taxes, or get a cheap and safe burning oil, to new advertisements in this issue.

Read all the new advertisements—they are interesting to most people.

HARDWARE AND HOUSE FURNISHING Goods, and stoves, of the most approved styles, may be found at Mr. Julius Lewis's, Fayetteville street, sign of the big pad-lock.

Mr. Lewis has been a partner in the house for a long time—ever since it was established, we believe, but has had the entire interest only a few months, but during his residence among us he has made a good impression both as a citizen and man of business.

Our old friend, Jesse Brown, and our somewhat younger friend, Nick West, are still there, and with their urbane and courteous manners, a fine and full stock of goods, all under the business control of a liberal and experienced proprietor, offer inducements to persons in search of hardware or house furnishing goods.

See advertisement.

BRADLEY AND CHRISTOPHER have a beautiful lot of Christmas supplies, in the way of toys, crackers, cakes, candies, fruits &c. &c. It is refreshing to stand on the pavement near by and watch the little ones as they congregate at their windows and survey the grand display so temptingly spread out to attract their attention. It is almost cruel in Bradley and Christopher to tempt the dear little creatures so, with so many beautiful and desirable things.

THIEM'S TEMPLE OF FANCY.—We saw two curiosities there, on Saturday; one an automatic trip hammer, the other a multipartite top, both very ingenious toys, the very things to captivate the fancy of a boy and draw his dimes. Besides these, Thiem has a perfect wilderness of curious good and pretty things, enough to bewilder the mind of the occupant of a "curiosity shop."

THE TREMAINES.—Dont forget the delightful concert to-night at Tucker Hall, by the Messrs Tremaine and Mr. Pierson. Those who failed to hear them when they were here in October, should be sure to avail themselves of this opportunity to enjoy a rich musical treat, such as is not often offered to our citizens.

As will be seen by the advertisement, a fine pipe top, Burdett Combination Organ, worth $700, will be given to the Church or Society receiving the largest number of votes among those who purchase tickets for the Concert. Each purchaser of a ticket will write on the back of the ticket the name of the Church or Society preferred, and at the end of the second night, the votes will be counted and the Organ awarded to the one having the largest number of votes.

Tickets may be had at the Book Stores.

LOOK OUT FOR ROGUES.—Breaking into houses and stealing, are becoming alarmingly prevalent in Raleigh. We have heard of several meat houses being entered and robbed recently of larger or smaller quantities of provisions. A few nights ago the Wesleyan school house, near the Methodist Church, was entered by breaking out a pane from one of the windows, and all the books left there by the pupils, and the curtains from ten windows carried off.

On Friday night a negro secreted himself in the store of Mr. Adams, on Market Square, and was locked up in the store when it was closed for the night. After everything got still he opened the door and commenced lugging off goods, but was discovered with the first load, by some one passing. He was pursued, but made his escape.

Let everybody keep a sharp look-out for this class of gentry, and give them lead whenever discovered at their depredations.

PAID BY THE ÆTNA LIFE INSURANCE CO., through the hands of W. H. Crow, General Agent, for the State of N. C., and south of the James. Two policies upon the life of J. A. Moore, of Raleigh, No. 17,296, $10,000; No. 19,415, $5,000. This is but another illustration added to the many already made known to the public, of what this old and reliable Company is doing in our State.

The following note is appended by permission:

MR. CROW.—Please accept my thanks for your untiring energy and perseverance in procuring for myself and child, the amount due us, from your Company, also my appreciation of your promptness and kindness in our behalf.

Very Respectfully,
MRS. JAMES A. MOORE.

Raleigh, Dec. 14th 1869.

The son-in-law of our Secretary of State has a young pension from the Spanish government. Which may account for the milk in the Cuban cocoanut.

U. S. CIRCUIT COURT.—*Saturday Dec. 18th.*—The Court met at 10 o'clock. A few judgments were taken. The whole of the day until 2 o'clock was consumed in discussing the subject of pleading by Assignee in Bankruptcy. There was quite a display of legal ability on the various questions under consideration, and the debate was participated in by nearly every lawyer in attendance. At 2 o'clock the Court adjourned until Monday morning at 10 o'clock.

STILL ANOTHER.—We acknowledge an intimation from the managers, that we are wanted to help enjoy the festivities of a Coronation Ball at Fayetteville, on Wednesday evening, 29th inst. The Managers will please accept our thanks for the courtesy; but we fear we shall not be able to be there.

There was a large Railroad meeting held at Wilson on Tuesday last, attended by many citizens of Wilson and the adjoining counties.

Col. Thos. S. Kenan presided.

The following resolution which was introduced and adopted during the proceedings, will suffice to explain the object of the meeting:

Whereas, A proposition has been made to the citizens of Wilson, Pitt, and other counties by the Wilmington and Weldon Railroad Company, through its President, Hon. R. R. Bridgers, to assist in building a railroad from Wilson to Greenville or Washington; whereas, we deem the work a practicable one, therefore,

Resolved, That we accept the proposition in good faith, as far as we are able to do so, and pledge ourselves to a vigorous effort to accomplish this work.

CORBIN WANTED AGAIN AT WASHINGTON.—The Committee on Banking and Currency of the lower house of Congress have been instructed "to investigate the causes that led to the unusual and extraordinary fluctuations in the gold market of the city of New York from the 21st to the 27th of September last, with power to send for persons and papers." Fisk, Gould, Corbin and others of the bull ring may therefore expect shortly to be called upon for a pleasure trip to Washington at the expense of the Secretary of the Treasury.—*N. Y. Herald.*

The rapid development of Minnesota is one of the marvels of the present age, and to nothing else is that development due so much as to her wonderful progress in the production of wheat. The surplus wheat crop of that State is estimated this year at 15,000,000 bushels, and yet only a small proportion of the grain plateau has been brought under cultivation. It is stated that a single farmer has harvested the past season one thousand acres of wheat, with an average yield of forty bushels to the acre.

The late Earl of Derby has left a fortune of £180,000 a year. When his lordship succeeded to his estates they were said to be worth £60,000 a year; but the great increase is attributed to the wonderful extension of factories in Lancashire, and the consequent enormous increase of buildings.

Paris is said to be largely supplied with American heiresses who are in search of titled husbands of sweet speech and small means. We are also told that several great Generals of the late war in this country are sporting rather noticeable decorations under the lappels of their coats, in public places in Paris. These mighty men are recorded to have been sick when a battle was about to take place. Strange enough the Parisians believe these fellows to be pretenders.

Burlingame's Chinese treaties with the various nations are being quickly ratified, one after another, by the Celestial Empire. The mission of the Embassy seems, after many predictions to the contrary, to have been most successfully accomplished.

Sore Throat, Cough, Cold, and similar troubles, if suffered to progress, result in serious pulmonary affections, oftentimes incurable. *"Brown's Bronchial Troches"* reach directly the seat of the disease, and give almost instant relief. They have been thoroughly tested, and maintain the good reputation they have justly acquired. *As there are imitations, be sure to obtain the genuine.*

Undefined Ailments.

There are many ailments, trying in their nature, but the symptoms of which are not sufficiently specific to enable physicians to classify them under any particular head. As a general rule they arise from a general debility of the whole organization, but their primary cause, in at least three cases out of five, is a lack of brisk vital action in the stomach and liver. Stimulate and tone the relaxed digestive and secretive organs, and bodily ease, health and vigor will follow the treatment. Among all the medicines which have been recommended as conducive to this end, none has been administered with such uniform and entire success as HOSTETTER'S STOMACH BITTERS.

Its ingredients were selected from the vegetable kingdom, originally, with a view to the invigoration of the physique and the constitution, and also for their anti-bilious and slightly laxative properties. Twenty odd years of experience has proved that these herbal restoratives were wisely chosen and have been judiciously apportioned in this celebrated preparation. Not only as a specific for indigestion and all kindred complaints, but as a *household remedy for all the minor ailments* incident to humanity, it has obtained a reputation based on unimpeachable testimony, which fairly eclipses that of any other proprietory or official medicine in use.

dec 21-eod1w

WILMINGTON, CHARLOTTE & RUTHERFORD RAILROAD.—It is with pleasure that we record the fact, communicated to us by a friend from Anson county, that the enterprising and energetic contractor, Robert Harvey, Esq., is pushing forward the work on the Pee Dee Bridge with remarkable and most gratifying celerity. The third span is now nearly ready for the track and the whole structure, consisting of seven imposing and magnificent spans, will, in all probability, be completed by February. Speed the good work, and let the Cape Fear and Pee Dee regions rejoice together!—*Wilmington Star.*

RIOTERS.—On Saturday last a disturbance took place in Williamston that at one time threatened to lead to serious results.

The Town Constable attempted to arrest a negro for violation of some town ordinance, and the negro resisting, he called upon several negroes for assistance, who not only refused to give the same but declared he should not be arrested.

A posse of white men were then summoned who summarily seized the culprit, amid the excited demonstrations and menaces of a large crowd of negroes who had by this time assembled, following the prisoner to jail and threatening his release.—The firm attitude of the whites, fortunately, prevented any outbreak and the fellow was safely locked up.—*Tarboro' Southerner.*

Saturday Evening Dispatches.

WASHINGTON.

WASHINGTON, Dec. 18.—The Senate adjourned at half past 1 o'clock after passing the Georgia bill; the vote stood 40 to 9. The only changes made are the adoption of the 15th amendment as preliminary to restoration and retention of seats by those who claim that they served the Confederacy under duress.

The title of the bill was amended so as to "promote" instead of "perfect" the reconstruction of Georgia.

Thus arguments shows the giving of further license to Congress in controlling Georgia's action as a State.

The Reconstruction Committee are hearing an immense amount of evidence regarding the local politics and the con t of the Virginia Judiciary.

It seems that there is no prospect of definite action to-day.

WASHINGTON, Dec. 18.—Alternate snow and rain to-day, closing with a gale.

Revenue, half a million.

The Banking and Currency Committee will send a sub-committee to New York, to investigate the gold panic.

The impeachment of Judge Trigg, of Tenn., is probable for alleged partiality against the Government.

The reconstruction committee has postponed the Virginia question until after the recess. The House will consider the Georgia bill on Monday. There seems no doubt it will be rushed through under the previous question.

The Hamilton coal mines caved in to-day, carrying down two large houses; ten lives were lost.

GEORGIA.

MACON, Dec. 18.—In response to a dispatch from ourselves to Mr. S. N. Boughton, asking the facts as to the alleged outrage upon Darnell and O'Neil, telegraphed to the N. Y. Tribune, from Atlanta, we received the following:

MILLEDGEVILLE, Dec. 18.—I know nothing about an assault on Darnell and O'Neil. There has been none so far as I can learn. There has been a small dispute between Peter O'Neil and a man name Walls; "whisky too much." Darnell professed to believed he was in danger; no one else thought so. I was a very trifling affair altogether. I never heard anything of it until yesterday.

Signed S. N. BOUGHTON.

A MAGNIFICENT

NORTH CAROLINA

PLANTATION FOR SALE.

THE PLANTATION KNOWN AS "OAKLAND," (formerly the property of Dr. Samuel Kerr,) situated in Rowan County, N. C., on the Lincolnton Road, 11 miles from Salisbury, and about 6 miles from China Grove station on the North Carolina Railroad.

This Plantation is one of the most desirable in the State, and in its improvements unsurpassed. It contains 1780 Acres, one-half cleared; a large quantity of Meadow and Bottom Land, over 200 acres under cover of a Mill Pond for fifty years. The residue is heavily timbered with splendid Oak and Hickory.

The Family Mansion contains Eleven Rooms; the Out-Buildings consists of Kitchen, Dairy, Ice-House, Smoke-House, Laborers' Houses, Barns, Stables and a Granary capable of accommodating from 15,000 to 20,000 bushels of Grain. In addition, about 150 yards from the house, is the Mill—Grist and Flour—with three runs of Stone; and in its near vicinity, Miller's house, Gin house, Blacksmith shop, and Cotton Screw.

It is believed a Canal might be dug from the Creek, supplying the pond, to run the Mill, and the Land beneath, of extraordinary fertility, given to the cultivation of large quantities of Grain or even Rice. The Mill Building, resting on a story of rock foundation, has two stories and a half of brick above, with a wall on the first story two feet thick, and could be converted into a factory. The Residence is well situated, and commands a fine water view.

Fully two-thirds, if not more, of the population of Rowan county is White.

Parties desiring to see the property can apply at Raleigh, N. C., to Mr. J. H. Ennis, at the North Carolina Bookstore; at Salisbury to Brown, Mook & Co., H. H. Helper, Esq., or Col. M. J. Long, Express Office; at Charlotte, to Wm. Phifer, Esq., Dr. E. Nye Hutchinson.

FOR TERMS OF SALE, ETC., apply to Hon. J. H. Wilson, Charlotte, N. C.

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

KOSKOO is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 10, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of KOSKOO in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect your obedient servant,

R. C. TILLERY, M. D.

From Dr. Fentress, an accomplished and experienced physician.

Princess Anne Court House, Va., Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your KOSKOO compound, *and have prescribed it* in some *stubborn* cases of *Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I find it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public.* Yours, truly;

T. F. FENTRESS, M. D.

KOSKOO cures SCROFULA IN ITS WORST FORMS. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 11, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your KOSKOO—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours &c.,
A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *invigorator*. Yours, &c.

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your KOSKOO IS AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as KOSKOO—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c.,
MRS. M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect your obedient servant,
O. B. MEARS,
No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine.

JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 13 MARKET SQUARE,
Norfolk, Va., Oct. 28, 1869.

DR. LAWRENCE—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your KOSKOO, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of KOSKOO RESTORED ME TO HEALTH.

Yours, truly,
J. G. WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "KOSKOO" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression, &c.

W. H. CHRISTIAN.

UNANIMOUSLY

Adopted by the State Board of Louisiana, July 17, 1869.

☞ By reference to the accompanying lists of Text Books used in the Schools of North Carolina in 1855, and those adopted this year, it will be seen that, in nearly every important particular,

FROM REV. C. H. WILEY formerly State Supt. of Education.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEATHERBY, Prin. Chas. and Math. School, Elizabeth City, Oct. 20, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. EVERHART, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * * I am always using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 26, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. P. SMITH, Lincolnton, Sept. 28, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Beebe's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in my order Steele's Philosophy for first introduction.—G. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1858, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Fox's Gamble's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. S. DICKSON, Prin. Male Academy, Warrenton.

It is my purpose to introduce Monteith's into my school. I give it the preference on the information which it gives on the subject of Physical Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALBERT SMEDES D.D., Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. WM. S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this state of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Charlotte, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be obtained.—Dr. WM. B. HARRELL, Prin. High School, Snow Hill.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, (Monteith's Intermediate Geography) in my judgment, a charming school book.—Col. WM BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSE, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—SPENCER IVEY, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.—Prof. WM. A. GRAHAM, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BENEDICT, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. Jos. H. Fox, President Stantonsburg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies' Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National Series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and Yonge's Grammar; Mrs. Emma Bangham, Cary P. O., uses the National series; Mr. H. C. Olive, New Hill P. O., introduces Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the National series of books, within my knowledge.—Prof. W. H. MANNARY, Chatham county, Sept. 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High School, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

The firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville *Americus*, 1866.

Have a reputation for merit unsurpassed.—Statesville *Americus*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—*Western Sentinel*.

Davies is excellent in the first degree.—Warrenton *Argus*.

Are decided by some of the many used, and they are superior to most of them.—Newbern *Journal of Commerce*.

While we examine the bright pages of the National series, and think how we groped along the dry and uninteresting "track" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of school Books now in existence.—Wilmington *Herald*.
